Star Global Consulting, Interaction Designer & Researcher

October 2019 – Current | San Francisco, CA

Designed and executed end-to-end custom primary research using a wide variety of methods with clients.

Hosted collaborative design workshops on a global scale.

Wire-framed and prototyped concepts and presented research findings to high-priority stakeholders.

Mira.ai , UX Researcher

May 2018 – December 2018 | San Francisco, CA

Worked closely with front-end developers to assemble prototypes and a visual design language for their mobile product.

Conducted user research sessions, and qualitative research projects and recruited community participants to conduct interviews.

Act as a thought leader in research, while advocating for people who use our products.

Adobe, Adobe Live Stream Host & Guest

September 2019 – Current | San Francisco, CA

Designed live with Adobe XD, and hosted multiple live streams on Behance.

Hosted award-winning IU designers, illustrators, and product designers.

Discussed UX design practices and the culture surrounding the industry.

Worked with Adobe production team and mentored designers in their Discord community

California College of the Arts, Studio Manager

December 2017 – May 2019 | Oakland, CA

3D tool instructor in a modeling workshop.
Familiarized students with materials and how to learn the creative process.

Our City Forest, Visual Designer

September 2013 – May 2015 | San Jose, CA

Developed strategies surrounding marketing and outreach goals for a digital transformation.

Developed a new design system and worked with marketing to establish brand guidelines.

Redesigned the organization's digital ecosystem.
